

ADDENDUM (APRIL 2016)

Minor Amendments to the Land Use Recovery Plan (December 2013)

In April 2016, the Minister for Canterbury Earthquake Recovery (now the Minister supporting Greater Christchurch Regeneration), Hon Gerry Brownlee, gave approval under section 22(1) and (2) of the Canterbury Earthquake Recovery Act 2011 to make the following amendments to the Land Use Recovery Plan – these will assist with the interpretation of the Plan.

LURP Item/ Page number	Reason for change	Amendment made	
The 50 actions contained in Volume 1 of the Land Use Recovery Plan (pages 20 – 41).	This table updates the status of each of the 50 actions contained in Volume 1 of the Land Use Recovery Plan.	Action numbers	Status

Figure 4: Map A Greenfield Priority Areas (page 23).	Making Figure 4 'indicative' only will allow changes to Map A in Chapter 6 of the Canterbury Regional Policy Statement through normal Resource Management Act processes, and will provide clarity to decision-makers when determining rezoning or resource consent matters. Appendix 1: Amendments to the Canterbury Regional Policy Statement (Volume 2 of the Land Use Recovery Plan (pages 3 - 29).	Appendix 1 of Volume 2 of the Land Use Recovery Plan was inserted as Chapter 6 to the Canterbury Regional Policy Statement in December 2013. Removing Appendix 1 from the Land Use Recovery Plan will remove unnecessary duplication. This will also allow Environment Canterbury to make changes to Chapter 6 of the Canterbury Regional Policy Statement.	Appendix 1 of Volume 2 of the Land Use Recovery Plan is removed from the Land Use Recovery Plan.	

The Greater Christchurch Group of the Department of the Prime Minister and Cabinet has been established as part of the recovery transition. The Greater Christchurch Group has inherited responsibility from the Canterbury Earthquake Recovery Authority for overseeing and monitoring the recovery and this includes continuing work on the Land Use Recovery Plan.
