KARAKIA MŌ TE TĪMATATAKA

OPENING INCANTATION

Tūtawa mai i runga	I summon from above
Tūtawa mai i raro	I summon from below
Tūtawa mai i roto	I summon from within
Tūtawa mai i waho	and the surrounding environment
Kia tau ai te mauri tū	The universal vitality and energy to infuse
te mauri ora ki te katoa	And enrich all present
Hāumi e, hui e, taiki e	Unified, connexed and blessed

1. Apologies Ngā Whakapāha

An apology was received from Dr Te Maire Tau.

2 Greater Christchurch Joint Housing Action Plan

Lucy Baragwanath introduced a staff report on this item. Lucy noted that there are a range of initiatives being undertaken by a number of organisations to address the issue of housing supply, especially quality affordable housing. Lucy was supported by Cate Kearney (Ōtautahi Community Housing Trust) and Jane Higgins (Christchurch Methodist Mission) who delivered a short PowerPoint presentation from a Community Housing Providers perspective. A copy of their [Joint Housing Action Plan Presentation](#) can be found on the GCPC website.

It was noted that Senior Officials had supported the formation of a working group of appropriate experts from relevant agencies to define the scope of joint action where the GCP collective can add value in addition to the work of individual partners.

During discussion a range of possible measures to help with the provision of affordable housing were discussed. Inclusionary zoning in the development of subdivisions was an approach that partners were interested in exploring further. It was noted that there was a similar vision around the table and a strong affirmation to form a Working Party to get the right people in the room, along with a small team of action orientated "champions".

It was suggested that staff report back on membership at the next GCPC meeting, and the Working Group meet before October. Partner organisations were invited to nominate their "Champions" within the next 7 days. The mana whenua representatives noted that Jane Huria would be their "Champion".

3 Draft Greater Christchurch Spatial Plan update

Tracy Tierney provided a brief verbal update on the consultation process for the development of the Draft Greater Christchurch Spatial Plan. A copy of Tracy's [staff report](#) can be found on the GCPC website.

The GCSP was open for consultation between 19 June 2023 and 23 July 2023.

A total of 355 submissions have been received with 144 submitters indicating they wish to be heard.

It was noted that the draft GCSP and consultation collateral can be accessed on the website.

<https://greaterchristchurch.org.nz/>.

Submissions will be held by a Hearings Panel from Thursday 26 October to Friday 3 November, although additional days may be required. A workshop with the Panel will be held on 24 and 25 August.

4 Greater Christchurch Transport Programme update

Jesse Burgess (on behalf of the Transport Managers Group) provided a progress update on the various transport related projects happening within central and local government over the next 12 months, and noted the alignment with other strategic planning processes already underway. He highlighted the need to tell an integrated transport story in the context of numerous concurrent processes running this year.

Jesse introduced Katherine Collie (Project lead from GHD) and Karishma Kumar from Waka Kotahi who are leading the development of a Vehicle Kilometre Travelled (VKT) Reduction Programme. This work programme sits alongside the development of the transport plans/strategies of the Partnership and individual partner agencies.

In the discussion it was noted that VKT reduction applies to all of the light vehicle fleet, including electric vehicles, as the goal is to reduce the aggregate VKT. This has benefits not only in terms of vehicle emissions but also infrastructure investment.

A project plan for the VKT work programme (likely to cover 6-9 months of work) will be brought to CEAG. A briefing on this work programme and the local transport plans and strategies will be brought to the Committee in October.
